It is the best med... ...e the greatest ...disease known. It undoubtedly saved the lives ...ore than

5,000 CHILDREN, THE PAST SEASON,

...t removed the cause of disease, and prepared them ...r the summer season. It has not been known to ...jure in the least the most delicate child.

RHEUMATISM

This Sarsaparilla is used with the most perfect ...ss in Rheumatic complaints, however severe ...chronic. The astonishing cures it has performed ...deed wonderful. Other remedies sometimes give ...temporary relief; this entirely eradicates it from ...system, even when the limbs and bones are dreadfully ...wollen!

☞ Hear Mr Seth Terry, one of the oldest and most ...ectable lawyers in Hartford, Conn. The following ...s an extract of a letter received from him:

Dr. Townsend—I have used one bottle of your Sarsaparilla, and I find it an excellent in its effects upon ...chronic rheumatic pain to which I am subject from an injury occasioned several years ago in a public ...Please send me two bottles to the care of Dr. Sa... I have conversed with two of our principal physicians and recommended your Sarsaparilla. SETH TERRY

Hartford, March 12, 1845.

CONSUMPTION CURED.

Disease and Strengthen. Consumption can be cured. Bronchitis Consumption. Liver Complaint, Colds, Catarrh, Coughs & Asthma. Spitting of Blood, Soreness in the Chest, Heetic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

Dr. Townsend—Dear Sir, Nearly twenty years ago I took a violent cold, which settled on my lungs, and affected me severely, finally, fastly, it became a constant hacking cough, but not to such a degree as to prevent me from attending to my business. Within the last few years it increased on me gradually, & became reduced—I breathed with difficulty, the cough with me cough much bad matter, and for the last six months previous to using your Sarsaparilla, I had night sweats, indeed, my friends and myself supposed that I would die with a consumption considered incurable. More than 3,000 cases of Chronic Rheumatism, 7000 cases of Dyspepsia, 3000 cases of General Debility and Want of Health, 7000 cases of the different Female Complaints, 2000 cases of Scrofula, 1500 cases of the Liver Complaint, 2500 cases of Diseases of the Kidneys and Dropsy 3000 cases of Consumption. thousands of cases of diseases of the blood, such as ...cers, erysipelas, saltrheum ...s on the face, &c., together with numerous cases of sick headaches ...in the side and chest, spitting of blood &c. &c.

Whig and Courier.

John S. Sayward.—Editor

SATURDAY, JULY 29, 1848.

WHIG NOMINATIONS.

FOR PRESIDENT,
GEN. ZACHARY TAYLOR.

FOR VICE PRESIDENT,
MILLARD FILLMORE.

FOR GOVERNOR,
ELIJAH L. HAMLIN.

"Keep it Before the People."

At the Utica convention of Barnburners that met in February last, the following resolution was reported by a committee of which JOHN VAN BUREN WAS A MEMBER, and unanimously adopted:

Resolved, That Gen. ZACHARY TAYLOR, *by his masterly correspondence* with the War Department no less than by his heroic conduct and incomitable coolness and courage on the field of battle has shown himself to be not only a distinguished military chieftain, but a *man of great mental and moral power*, and whose life has given evidence of a *strong head, an honest heart, and a Republican simplicity of character.*

☞ That excellent, sound, first rate Whig, the Hon C. B. Smith M. C. for Indiana, addressed his constituents, we see, in a letter of some length, in which he ably set forth his *view and therefore* they should go for Taylor and Fillmore. He did not favor Gen. Taylor's nomination, but he endorses his character and his principles. The following, the conclusion of his letter, addresses itself to a certain class of minds, we hope, not without its desired effect:

"As a Whig who believed the war with Mexico unnecessary and unconstitutional, and who has opposed it from its commencement, I believe it entirely consistent with my principles to support Gen Taylor against Gen Cass. The former, acting under the orders of the President his superior officer, has but done that in prosecuting the War, which he could not refuse to do without a surrender of his commission in the army. The latter (Cass) acting under no such restraint, but as a member of the legislative department of the Government has not only justified and sustained the war, but has continually and clamorously urged its vigorous prosecution into the heart of Mexico, without regard to the torrents of blood which it caused to flow, or millions of money which it profligately wasted — Besides, it is well known that Gen Taylor has opposed the war from its commencement. It is also a matter of history, that shortly after the commencement of the war he drew upon himself the severest censure of the administration as well as the bitterest denunciation of locofocos throughout the country, for expressing in a letter to a friend, opinions hostile to the prosecution of the war into the heart of Mexico.

As a Northern Whig desiring to prevent the extension of slavery into any territory which we now possess, or which we may hereafter acquire, I greatly prefer the election of Gen Taylor to that of Gen Cass. This restriction if made at all, must be made by Congress. Gen Cass has pledged himself to the South, and in order to secure their support, to resist any attempt to restrict the extension of slavery. He denies the power of Congress under the constitution to make any such restrictions, and consequently if he should be elected, he should refer to any bill which Congress might pass to effect this important object.

Gen Taylor has pledged himself to leave the decision of this quest on to the legislative department of the Government, and he will not arrest the action of that Department by the tyrannical exercise of the veto power. If, then, Gen Cass shall be elected, while the policy of the government will be such as to lead to large acquisitions of territory upon our Southern borders, no restriction upon the extension of Slavery into such territory can be made by Congress except by a two-thirds vote, overrid ing a presidential veto. This cannot be hoped for — The election of Gen. Taylor with the pledges which he has given to the country, will leave to Congress full power to prevent the extension of this evil.

In fine, let me say in conclusion, that the election of Gen Cass will expose us to all the dangers and difficulties of further annexations and conquests, and subject us to the most eminent hazard of a war with England or other European powers. The election of Gen Taylor will arrest the mad career of conquest, and place our foreign relations upon a firm, secure, and amicable basis. The election of Gen Cass will secure the triumph of all those wild reckless schemes of domestic policy which, under Locofoco rule, have already done so much to disturb the business of the country and retard its prosperity. The election of Gen Taylor will introduce a safe American system of policy, calculated to promote the national welfare and happiness. The election of General Cass will build up the one man power into a towering despotism, overpowering the action of Congress and defeating the will and wishes of the people. The election of Gen Taylor will secure to the popular voice, as expressed through its constitutional representatives, that just control over the administration of the government which, according to the true theory of our constitution it should exercise. The election of Gen Taylor will leave in the hands of the Representatives of the people, their just and constitutional power to exclude the evil of Slavery from the territories which belong to the United States.

In such a contest, I cannot remain a mere passive spectator. The evils which must result from the election of Gen. Cass are in my judgment great—so fatal in their consequences to the brightest hopes and the best interests of the country as to invite to invoke the ardent and zealous co-operation of all who would avert those evils, to secure the election of Zachary Taylor, the only man whom we can hope to elect.

I am with great respect, your friend,
CALEB B SMITH.

The Boston Bee, in alluding to the kisses Gen Cushing received at the late dinner at Faneuil Hall, says:—

If the infamous stories told about this patent General are true and we must confess that we are inclined to believe some which at first we rejected, then his *Generalship* has not received one half his deserts. He has treated his men like slaves—like dogs, and deserves no mercy. —no charity at their hands. The attempt to throw the blame or credit of kissing from the shoulders of the Volunteers, is a most perfect farce, and this the Post will find out ere it is done with the matter.

☞ A correspondent of the Maine Farmer states that on the 16th inst a terrible shower of hail visited Rumford in this State and destroyed the crops on several farms lying on the Androscoggin river, breaking glass and injuring trees. The hail in some places was ten inches deep, and in some instances masses were frozen together as large as a hen's egg.

☞ There was a smart shower accompanied by vivid lightning, in this vicinity on Thursday evening.

☞ A Utica one of Mr. Stetson's friends, says in reference to the communications of "A Bolting Democrat" in the Mercury, that they prove that Mr. Stetson is a smart and a shrewd man, and with that he is satisfied.

The following extract from the article of "A Bolting Democrat" in the Mercury of yesterday, shows in what estimation he is held by that portion of the "Democracy" of this city who preferred Gen. Veazie as their candidate for Congress.

"Mr. Stetson is said to be what is called "a correct business man," by which is meant, I suppose, that he is orderly, methodical and correct in the management of his affairs. I am disposed to think that this credit is justly due to him. His education was liberal, and I should judge that he possessed fair natural capacities. No amount of candor requires any further acknowledgement in respect to him. He has no pretensions as an orator; none as a writer. He can claim no commanding vigor of genius, no extraordinary attainments as a scholar. He is no better fitted to represent us in Congress than thousands of men in the District who were never thought of for such a position. His influence at Washington would begin and end with his own solitary vote. I say this without a particle of hostile feeling towards Mr. Stetson, because I have never cherished any. I say it because it is true, and because, under the circumstances, it is a proper subject of public comment.

Mr. Stetson has slipped along from one office to another under favoring circumstances of family and local support. His ample means give him leisure to attend to all the little details of management, so essential in modern times, to political success. His crowning good fortune, however, was to be in the Executive Council of Gov. Dana. This was, truly, management made easy."

☞ The debate in the U. S Senate on the territorial bill is of intense interest. Mr Corwin made an argument of startling force against slavery. His vindication of the right of a man to be free, and of the people to self-government, was complete as all in his refutation of the argument of Mr. Calhoun, upon the Declaration of Independence. He spoke of the contempt of the people of the Crown of England for introducing slavery into this country, and from the opinions of Connecticut and Massachusetts upon this question.

So a meeting was held at Fairfax at which Gen Wash ington presided, in which a resolution was adopted declaring that they would not deal in slaves, or bring slaves, or have anything to do with slavery. So in Georgia, the same hostility to slavery existed then, and now what did Southern men mean in proposing to him that this evil of Slavery, and the slave trade should be extended over this new territory, just acquired by war.

If this was a curse when it had begun, and had taken such deep root that it could not be eradicated, why, how could the free States be asked to place the curse upon and over an unoffending people.

☞ The New York Evening Post, the ablest Democratic journal in that State or the country, states that Mr Francis P Blair late editor of the Washington Globe) having been delegated to a national convention in which New York should be represented, does not consider himself in any degree bound by the action of the Baltimore Convention, tho' he cordially approves of the proceedings of the regular [Barburner] delegates to that body from New York: that the principles, measures and candidate put forward by the recent Utica Convention met his cordial approbation, and will receive his earnest and zealous support.

☞ The Boston Atlas well says that the old Whig party have always stood firm and true upon the great issues of Freedom; they fought as one man against the Texas Annexation, and against the war with Mexico, and the extension of slavery over soil now free. They have not changed, nor do they intend to swerve one hair's breadth from their straight forward and manly course. Let who may desert the standard of their country or attempt to divide the men opposed to War, Conquest, Slavery and Free Trade, the Whigs of Massachusetts will remain firm and true, as they ever have done; and with General Taylor and Millard Fillmore as their national candidates, they will persevere until their labors are crowned with glorious victory.

☞ The editor of the Portland Advertiser on Wednesday morning opened with an able and timely article to those Whigs of Maine who, in conjunction with seceders from the nomination of Gen Cass, and the leaders of the Liberty party, had assembled at Portland for the purpose of forming a free soil convention. The fact is very clearly set forth in the article, that those whigs who oppose the election of Gen Taylor are indirectly but effectually aiding the election of Gen Cass, and from this conclusion there is no escape: if there be, those free soil Whigs who oppose Gen. Taylor's election ought to be able to show how it be can accomplished.

Dreadful Calamity.

The Portland Advertiser gives an account of the upsetting of a sail boat in Portland harbor on Saturday evening last, by which eight persons were drowned. The persons in board were James Stephenson, Wm. J. Smith, wife and three children, and four children of Mr. John Whyley; one an adopted child; they were all drowned, excepting Mr. Stephenson and Mr. Smith.

☞ The Augusta Age says that John Field, jr., was arrested in Whitefield for the murder of Michael Kavanaugh (some time since) on Friday last, by officer Lothglelow, and brought before William G. Bartlett, Esq., and ordered to appear before the Supreme Court to be holden at Wiscasset in September next.

☞ The Portland Advertiser states that a new locomotive Engine to run between Portland, Portsmouth and Boston, has been constructed at the works of the Portland Company and placed upon the road. It is the first locomotive Engine built in the State and is spoken of as a beautiful specimen of skillful design, and of finished workmanship — This company have in the process of construction several engines for the Atlantic and St. Lawrence road.

☞ The Free Soil Convention met in Portland on Wednesday evening and was called to order by Mr Woodman of Minot. Wm Bradbury of New Gloucester was appointed temporary chairman — T. E D Fessenden Secretary. A committee of one from each county was appointed to nominate a list of officers.

☞ A portion of the loco press seem to be in great trepidation at the prospect of the election of Gen. Taylor, and have set themselves about fixing up a Cabinet for him, and then attempting to get up an opposition to him on account of the Cabinet thus formed. It is hardly probable such a game will be effective.

☞ The Belfast Journal says that a man who was once a Federalist, and repented and was been forgiven, will answer for a Presidential candidate for the Democratic party. Upon that platform Gen Cass can probably be admitted.

BE IT REMEMBERED, that Lewis Cass has received over SIXTY THOUSAND DOLLARS for extra services, when he was paid for his whole time by the Government.

BE IT REMEMBERED, that Lewis Cass voted to censure Gen Taylor for not sacrificing the lives of his own troops and the lives of the Mexican women and children, for no purpose.

BE IT REMEMBERED, that he who votes for Cass and Butler, votes to give the Slaveholders the casting vote, in the Senate of the United States.—Bath Tribune.

☞ The Belfast Journal says that Mr John Peters, of Bluehill, aged 27, was present where two or three young ladies undertook to manage a sail boat, in a cove, when they tipped it over. Mr Peters waded into the water to rescue them, in doing which he stepped into a hole and went under. In the mean time the ladies got safely upon a rock; one went down to rescue Mr. P., and got his head above water, but he was struggling and clutched her clothes, and would have buried her under had not her dress, or a portion of it, been torn from her. He was drowned.—He was the son of Lemuel Peters.

☞ The Bangor Gazette has assumed the responsibility of the statement, now gleefully copied by the locofoco papers in the State, that in the county of Penobscot the nomination of Gen Taylor is repudiated by a large class of Whigs. That is pretty tall talk, but it gives an entire false impression as to the facts in the case, as time will show.

☞ The following notice comes to us in a letter from Mr Mansfield who is a man of high respectability and whose motive in unquestionably that of doing good to those afflicted with the disease of Asthma, and we very willingly and very cheerfully give the article an insertion and would recommend a trial of the remedy to all afflicted with difficulty in breathing. For all diseases of the skin, nervous affections, feeble digestion &c a similar treatment will undoubtedly be beneficial, as it has been in a number of cases within our knowledge.

Relief, without money and without price.

"Turn you, O men, I call—and my voice is to afflicted humanity."

The undersigned, having heard much respecting the external application of cold water to the human body, in cases of disease, being himself peculiarly situated, takes this method for the relief of others, of making known his own experience to the public. I had suffered more than forty five years with severe, inveterate, hereditary asthma, not having for thirty years slept in a bed, when I was informed by Hon W. W Pertolt, of this town, who had likewise been subject to this disease for a long time, that since he had adopted the habit of applying cold water externally, he had not any asthma, whatever, and requested me to do the same, which I did and realized the same effect, not having had the least asthma, since I made the first application. Wishing to try a third case, and he we at that I could find, I visited a man of my acquaintance, who had not experienced a night of quiet, unbroken rest, for the last seventeen years. He was greatly debilitated, and when informed of even a possibility of relief, he embraced the opportunity with eagerness. On him, also, it had the same effect; he now sleeps soundly and well and his respiration is perfectly free and easy. I next called on every man in my vicinity who labored under this complaint, and by the same means they are all comparatively well, or on a fair way of being so. Now let me say to all persons, far, and wide, who have the misfortune to be afflicted in this manner, that you have only to accept this practice, and you will find yourselves in a very short time, entirely free from asthma or phthisic; and so long as you continue it so long you will be well. What I mean by this practice, is merely the applying a very coarse towel, perfectly wet, to the whole surface of the body, and extremities, and then a dry one, equally sparse, with as much friction as possible. Sea water is preferable, but if not at hand, make your spring water about as salt.—The best time for the purpose is the evening, at the retiring hour, and will not occupy more than fifteen minutes.

Then, this simple process and thus remedy a most inveterate and distressing malady, which has ever been considered incurable, what internal disorder, let me ask, if you can be has immune, may it not remedy? In regard to the external use of cold water, in some form for human diseases, it is my firm conviction that such will prove the extent of this great blessing, bestowed by Providence on suffering humanity, that with timely application, many other diseases than asthma, and some, if possible, still more distressing, will eventually yield to its power.

WILLIAM MANSFIELD.

Gloucester, Mass, April 3, 1848.

☞ On the score of humanity, I desire that every paper in the United States may give this one insertion.

Twenty-eighth Legislature.

Augusta, July 26.

In the Senate—

Papers from the House disposed of in concurrence.

Passed to be engrossed—bills, to incorporate the Protection mutual Fire Insurance Company —relating to corporations, (as reported back by the committee on the judiciary without amendment)—authorizing Samuel Thompson to maintain a dam and slip in Kezar river—to authorize certain persons to prosecute and defend suits.

Passed finally—bill, to incorporate the Baring Boom Company; to set off part of Pittsfield to Naples; additional to the 6th chapter of the revised statutes, regulating costs in indictments against towns.

Mr Burleigh, from the Penobscot county delegation, reported leave to withdraw, on petition of John Hafferty and al. for a steamer home ferry between Bangor and Brewer.

On motion of Mr Clark, the Senate proceeded to the consideration of the bill establishing the county of Sebastocook.

After debate, the bill was refused a passage.

Adjourned.

In the House—

Mr Sewall from the committee on the judiciary, reported a bill additional to an act preventing disturbances of religious worship—also, a bill exempting the dwelling house and lot on which the same stands, the residence of the debtor his widow and minor children, from attachment for debt incurred subsequent to August 1st, 1848. They were severally read and to-morrow assigned.

Mr Robinson of Ellsworth, from the committee on the judiciary, reported a bill in relation to hawkers and peddlers, read and to-morrow assigned.

Passed to be engrossed—Bill to incorporate the Portland Sugar Company; bill additional to an act to incorporate the city of Bangor; bill to change the names of certain persons.

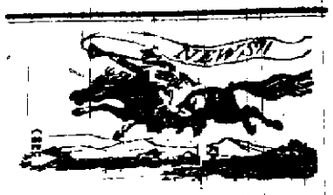
Resolves—The resolves relating to the extension of slavery into newly acquired territory, were received from the Senate—read and to-morrow assigned.

The bill to incorporate the towns of East Thomaston and South Thomaston, was received from the Senate as amended, and passed to be engrossed.

Mr Barnes of Portland, by leave, laid on the table a bill making further provision for the arrest of offenders, and it was referred to the committee on the judiciary.

The petition of A J Stone and al, that ten hours be a legal day's work, was laid on the table Adj.

☞ Vegetation is moving forward with unprecedented speed, in all this region.



Terrible and Instructive Tornado.

A destructive tornado commenced in Ripley on Thursday last. It commenced its destruction on a space about ten rods wide which kept increasing to the width of half a mile, and nearly fifteen miles long passing through Dexter and into Garland.

We have only a partial and imperfect account, from which we judge that the tornado must have been one of awful grandeur and power — Fifteen houses were completely demolished in the town of Ripley. A school house, with the scholars assembled, was lifted and instantly round. A large barn and other buildings in Dexter, were destroyed and scattered out of sight. A large rock was rolled over. Great hemlock and other trees were twisted off and whirled with fearful force, high in the air. Crops, fences, stone walls and everything in its course were swept to instant destruction. It was accompanied by a loud and a terrific roar.

An observer from a hill a mile distance, says that the appearance of it passed along, was like the smoke of a huge steamboat chimney, in wild and furious motion. No lives are known to be lost, although at least one person, we hear, was injured.

☞ Our correspondence at Portland whose letter we cannot put in type this morning, states that Prophet Muzzy Esq. was appointed President of the Free Soil Convention, and Dect. Holmes, Jason Nealus and others Vice Presidents. That convention was addressed by John Neal, not committed, by T. S. Brown of this city and by Mr. Jack. The remarks of Mr. Brown are pronounced by his own party as exceedingly injudicious and with those of Mr Jack raised quite a hubbub and cheers for other parties.

Philip S. White, Esq. of Philadelphia, spoke to the convention with his usual mingled and multiplied metaphors and unsurpassed fervor. Mr Adams of Portland made a sensible speech.

The Massachusetts speakers failed and some of them treated the committee very shabbily.

Messrs and others of the Quintette club furnished excellent music, though not of the ultra.

Five Days Later from Europe.

The Steam Ship Europa arrived at Boston on Thursday.

France remains tranquil under the rule of the sword. Great numbers of persons are collecting their property, and leaving Paris daily for safety. Open accusations continue to be made in the journals against Lamartine and other members of the late government for having encouraged the late insurrection, which have been met by an indignant denial by the parties accused. Officers of considerable rank are continually arrested upon the charge of having been engaged in the conspiracy. No less than *fourteen thousand* of the insurgents are already been captured, and the government is utterly at a loss how to dispose of them.

M Thiron, Col of the 3d Legion of National Guards, who had been reprimanded by Gen. Changarnier, has resigned.

Gen. Cavaignac has adopted a plan for the prevention of barricades. Any one assisting in forming a barricade, can be shot.

The French government has received accounts from Rome announcing the recognition of the Republic by the Pope.

The government is declared against the proposition of confiscating the private property of Louis Phillippe.

IRELAND.

The news from Ireland is of an exciting character. During the last week the government have adopted measures for repressing the sedition. On the 8th inst, John Martin, the editor of the late Felon, surrendered himself to Government, and is now in Newgate.

The police have taken possession of all the papers and correspondence belonging to eight prisoners.

GERMANY.

An armistice for four months has been concluded at Malmo between the representatives of Denmark and the German confederation.

The latest intelligence from St Petersburg announces the still alarming increase of the cholera.

It is stated in the latest accounts from Alexandria, that Mehemet Ali has become quite insane.

CONGRESS.

Washington, July 25.

In the Senate, to-day Mr Hale offered a resolution, calling on the Secretary of War for information why the amount paid to each officer is not inserted in the Army Register laid over.

Mr King, from the committee on Public Lands introduced a bill making a donation of land to Alabama for constructing a road from Mobile to the mouth of the Ohio.

The Territorial bill was then taken up — The amendment offered by Mr Baldwin, giving the privilege of *habeas corpus* to persons deprived of liberty, with direct appeal to the Supreme Court.

Notice was given that several amendments would be offered.

Mr Johnson, of Maryland, spoke in support of the bill. It is only he objected to much on the slavery question.

Mr Dix followed brilliantly defending the State of New York from some aspersions cast upon her by some Southern member.

In the House, Mr Wentworth wished to offer a resolution to close the debate on the Oregon bill at 2 o'clock to-day—not agreed to.

After taking the yeas and nays five times, Mr Wentworth's motion was laid on the table.

The House then went into Committee of the Whole on the Oregon bill. Mr Williams took the Southern side.

Mr Crowell followed, and read an argument in favor of the abolition of slavery in the District of Columbia.

Mr Iverson read a speech on the Southern side of the question. Ad.

Advices from the Isthmus state that fourteen Americans were attacked by 100 Apaches.—Four Americans were killed, six wounded—eighty horses were lost.

Kit Carson, who was reported to be dead, arrived at St Louis on the 19th inst.

To Writers for the Press.

The Cohoes (N. Y.) Journal lays down for the direction of its correspondents the following pithy commandments.

1. Be brief. This is the age of Telegraphs and Phonography.
2. Be punctual. Don't wrote at around the subject without hitting it.
3. State facts, but don't stop to moralize. It's drowsy business. Let the reader do his own dreaming.
4. Eschew profanity. Plunge at once into your subject, like a swimmer into cold water.
5. If you have written a sentence which you think particularly fine, draw your pen through it. A pet child is always the worst in the family.
6. Condense. Make sure that you really have an idea, and then reveal it in the shortest possible terms. We want thoughts in their quintessence.
7. When your article is complete, strike out one-tenths of the adjectives. The English is a strong language, but "most have too much "quality."
8. Avoid all high flown language. The plainest Anglo-Saxon words are the best. Never use suits when long will do as well.
9. Make your sentences short. Every period is a mile-stone at which the reader may halt and rest for himself.
10. Write legibly. Don't let your manuscript look like the tracks of a spider half drowned in ink. We shall mistake any one for a genius, though he writes as crabbedly as Napoleon.

Finally, to all who obey these injunctions, we will through our columns grant an immortality of a week. A special edict!

A speaker at Utica, recently compared Mr Van Buren to "a whale, whose oil would feed the lamps of liberty to all eternity."

John Dunbar says that Trees are like hogs because they root in the ground.

REMOVAL.

☞ V. B. PALMER'S General Newspaper Advertising Agency is removed to No. 8 Congress street directly over the Daily Advertiser Office, where he is ready to receive Advertisements for the best papers of the large Cities and Country Towns, far and near, throughout the Union, Canada, &c., at the lowest practicable rates.

Every facility is afforded, necessary to a judicious selection of states and papers best adapted to promote the interest of the Advertiser.

Now is the time to Advertise in the more distant Cities and Towns South and West, for Fall Trade.

☞ Call and see.

M'Alister's All-Healing Ointment.

WHEN this Ointment is worn upon the chest and warmed into the feet, it not only acts upon the organs of the chest, but the whole nervous system feels its influence. It moves along on the nerves, and thus find its way to the liver, lungs, stomach and brain imparting accessed activity and energy to these organs while it separates and sets free every impurity or humor that may be lodged there, and expels it to the surface. Hence the extraordinary rapidity and certainty with which it cures asthma, coughs and liver complaint. Also, headache, agues, consumption and spinal diseases.

Its first action is to open the pores of the flesh, impart tone and nervous energy to the skin; and then penetrate to any part of the internal viscera, and expel diseased and impure particles from the system. It performs precisely in sickness what rain performs for horse flesh in health, having the full use of every function of the body.

It is this power which enables the ointment to sweep off all cutaneous eruptions, skin diseases of every nature; also to subdue all inflammations, fevers and all bowel complaints—in short, by keeping the pores of the skin open, and restoring health and nervous energy to all the organs of the body.

READ THIS.

PORTSMOUTH, April 8, 1846

Mr. James McAlister—Dear Sir—Having purchased a few bottles of your Hair Oil last summer, I persuaded my sister, who had lost her hair from some disease of the head to try it. She had used Eagle's Hyperion Fluid and several other articles recommended for the hair, without any beneficial results, but after having made use of your Hair Oil a short time the hair began to make its appearance and she has now a fine head of hair.

Respectfully yours,
SAMUEL A. BADGER.

MRS. E. KIDDER'S
DYSENTERY CORDIAL,
—AND—
Immediate & Perfect Cure
—FOR—
CHOLERA MORBUS, DYSENTERY, DIARRHŒA, SUMMER COMPLAINTS OF CHILDREN, SEA SICKNESS, GENERAL DEBILITY etc. etc.

WHERE can all powerful antidote be at hand. Cholera, Dysentery and Chronic Diarrhœa are no longer to be seriously feared, if looked upon with terror—as this Cordial will most assuredly cure the disease in the course of a very few hours, if taken at the commencement.

It has been before the public for more than sixteen years and was the first article made known to the public as an immediate and perfect remedy for these complaints. It has been thoroughly tested in every country and every climate, and its effect has every where proved the same—SURE TO CURE, even where the disease has advanced to the last stage. The public may rest assured that it contains neither opium or mineral substances, or any thing that is at the least injurious to the constitution.

Cholera and Common Cholera Morbus.

This Cordial immediately checks the vomiting, relieves the pains, stops the Diarrhœa, and restores the bowels to a perfectly regular and healthy state, however severe the attack may be, or however low the patient may have become it invariably restores

Severest cases of Dysentery,

are immediately counteracted, the pains are allayed, the bowels heated and and unhesitatingly the bowels become perfectly regulated and restored in the short space of ten or twelve hours.

Chronic Diarrhœa,

in children or adults, of months or years continuance, are most readily cured with this Cordial notwithstanding they may be reduced to a mere skeleton; it immediately strengthens, and shortly restores them to perfect health.

Cholera Infantum.

It has saved the lives of many thousand children when reduced to death's door by this complaint, it gives them immediate relief, and they very soon recover.

Sea Sickness.

It is a most pleasant and desirable remedy for Sea Sickness. It checks the vomiting and readily restores the patient. It invariably checks vomiting, produced from any cause whatever.

Children that are Teething,

if inclined to Diarrhœa, should always be provided with this sweet medicine, as it will keep the bowels regulated, and be proof that Cholera, Dysentery, sore and pleasant to the taste, and children are fond of it, and will eat it without trouble or dislike.

For General Debility and Dyspepsia,

It is a most excellent restorative giving a healthy tone to both the stomach and bowels, and prevents food from pressing or disturbing the stomach.

CAUTION.

Beware of those impositions which are daily palmed off upon the public, bearing the name of an article which is CHOLERA MORBUS, DYSENTERY AND DIARRHŒA CORDIAL, which name imposters have borrowed. Also, they have copied my advertisements and prefatory addresses, doubtless they have done this for the purpose of palming off the worthless articles on the exposure and reputation of this original and most popular medicine that ever came before the public.

Be sure that you obtain MRS. E. KIDDER'S Cholera Morbus, Dysentery and Diarrhœa Cordial and you will get the only true and original article which has ever been held up to the highest estimation by the public throughout the whole country.

It is put up in bottles holding nearly a quart, in shaded or fancy case, and sold at the Dollar a bottle.

Sold by
MRS. E. KIDDER,
No. 120 CHURCH STREET, BOSTON.
who is the inventor and sole proprietor. Druggists and Apothecaries supplied as formerly, in large or small quantities.

EDMUND W. FLAGG.

East Corinth, May 13th 1848. 3m

Assignee's Notice.

NOTICE is hereby given, that WILLIAM C. BRUCE, of Bangor, in the County of Penobscot, Merchant, on the 15th day of May 1848, made an assignment of his property, real and personal, to me, in trust for the benefit of his creditors, agreeably to the provisions of an act entitled "an act for the relief of insolvent debtors," passed March 21, A. D. 1844. Three months are allowed from the public entry of this notice to all creditors to become parties to said assignment.

Bangor, May 19, 1848. REFUS EWING.

DR. CUMMINGS'S Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine. With these, others of vegetable origin are combined designed to render them more active, and consequently more immediately effectual.

The Dock, or rather a species of it, now ranks as a medicinal plant, second to none of the vegetable kingdom. With the aid of a distinguished chemist, whom the proprietor has consulted in the preparation of the compound, he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time.

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound, and is perfectly satisfied that they possess all the properties which have been ascribed to them. Recently he conceived the idea of uniting them, which has resulted in the production of the compound. In this the ingredients are found to act in harmony, and to lose none of the qualities which they separately possess.

A larger portion of Sarsaparilla is soluble than has generally been supposed. The extract must to be relied on and least liable to decomposition, is procured by subjecting the root to the action of the menstrua usually employed in extracting its principles, for a long time, without any other process being resorted to. None is permitted to be used in the compound, that has not been obtained by this process and that has been less than a year in preparation.

This Compound is recommended for Scrofulas Erysipelas, Ulcerous affections, Eruptions and Mercurial diseases. Also for the numerous maladies arising from sedentary employments, occupations of a harassing and fatiguing nature, intemperance, exposures to extremes of heat and cold, overtasking the physical powers and other abuses of the constitution among which are Neuralgia, Piles, Affection of the Liver, Bilious Complaints, and Dyspepsia or Indigestion.

In diseases of warm climates, with which the proprietor become familiar in his practice in Havana, some years since, the compound will prove particularly efficacious, both as a remedy and aperient.

This medicine has been for some time in use in this city, where the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general, as well as known.

Prepared only by Dr Stephen Cummings, and sold at wholesale and retail by Joshua Burgin & Co No 143 Middle street, and Edward Mason, No. 128 Middle street—only agents for Portland.

DISEASES OF THE Throat and Lungs.

COUGHS and Colds, the fruitful parents of Consumption, Bronchitis, Asthma, Pleurisy, and many other lingering diseases, are too often neglected until the exhaustion of the Specific Complaint is laid deep in the system. A Physician is then called in, who administers his Poisonous, but deceptive Drugs, and afterwards, with the Patient in confirmation of the opinion, does But why done so since? Simply because he was not versed in the proper remedy, but trusted to the mere guess work of a Practitioner, rather than the infallible evidence of experience and the most authentic testimony. On this basis is the following, the real issue of

DR. VON-DERSMITH'S

INDIAN GOUGH BALSAM and Lung Balsam,

have been thoroughly established. Let those who doubt, read the following testimonials which are merely samples of hundreds of the same nature.

CONSUMPTION

AND AFFECTION OF THE LIVER.

Of Twenty Years Standing

City of New York, June 1st 1847

This is to Certify that I, Sarah E. Richardson, of the City, county and State of New York, was afflicted with the Consumption and Affection of the Liver for the space of twenty years, during which time I was under the care of the most eminent Physicians of this City, but received no relief from their prescriptions, until I was induced to try Dr. Von Dersmith's Indian Gough Balsam and Lung Balsam, which I am happy to say has entirely restored me to health, after having taken but a few bottles. I would recommend all persons afflicted with the above complaints to try this valuable medicine, as I feel confident they will find relief. I have also used the Indian Vegetable Pills with the most beneficial results. I would recommend them to all persons afflicted with Liver Complaint, Dyspepsia, Sick Headache, &c. Yours respectfully,

SARAH E. RICHARDSON.

Sworn to before me, this 31st day of May, 1847.

WM. V. BRADY, Mayor of the City of New York.

INFLAMMATION OF THE LUNGS.

New York, June 19 1847

Dr. Von Dersmith:—Have no words to express the benefit I have received from the use of your Balsam. For many years I took no comfort nor I took a moment's rest, night or day. I was unable to attend to business during that time, and had given up all hopes of ever being restored to health, when I was induced to try your Balsam. I had not possibly expended more than I could afford, but I procured eight vials and commenced using them. The immediate relief I received and the wonderful results to be obtained, I have no words to describe. I have since used about one dozen bottles, and I feel confident that I am restored to health, which is a blessing to me. I have also used your Indian Vegetable Pills with the most beneficial results. I would recommend them to all persons afflicted with Liver Complaint, Dyspepsia, Sick Headache, &c. Yours respectfully,

MATTHEW BENNETT, 317 Broadway.

Sworn before me, this 21st day of June, 1847.

WM. V. BRADY, Mayor of the City of New York.

CONSUMPTION.

Fulton Ferry, June 15th, 1847

Dear Sir,—I take great pleasure in giving you my certificate, that I consider I have derived much benefit from the use of your Balsam. I was afflicted with a severe cough and pain in my breast, which had continued for a long time, and neither myself nor friends expected I could live. Some days I was confined to the house, and was attended by Dr. Murphy, of this City, who gave me up, saying that I could not live. Finally, I made use of your Balsam, and I am happy to say that I am restored to health, which I consider entirely owing to the use of your Balsam. I would recommend all persons afflicted with Consumption to make use of your Balsam, as I feel confident they will find relief. Yours, &c. ISAAC A. KNIGHT.

Sworn before me, this 19th day of June, 1847.

WM. V. BRADY, Mayor of the City of N. Y.

Principal Office 5 Barclay St. N. Y.

None genuine unless the signature of the wrapper, is signed by Dr. Von Dersmith, M. D., and his name blown in the glass of the bottles.

Cooking Stoves

Of every description which he offers for the present at cost.

He has also the following varieties of

IMPROVED Cooking Ranges!

POND'S, DARBORN'S, STIMPSON'S, and BEEBE'S.

The following certificate can not fail to settle the question conclusively in favor of the celebrated Cooking Ranges for the sale of which he is Agent for the City of Bangor.

NATHANIEL JOHNSON Esq.

Dear Sir—I hereby appoint you my agent for the sale of my Improved Portable Range in the city of Bangor, the Agency to commence this day.

JOHN M. DEARBORN.

HOT-AIR FURNACES.

Chilson's, Colter's, Simpson's, Dyer's and Boston's Improved Iron and Fire-brick Furnaces, the best known, now on hand and sold as low as by any one.

The first two of Colter's furnaces erected in this city, were under my direction and their work admirable—one of them is the leading church furnace and the other is the dwelling of Gen. Oliver Leeds.

COPPER SHEET IRON, LEAD PIPE, ZINC, &c., constantly on hand, and for sale at Boston Prices.

Also, just received 50 of DOUGLASS'S PUMPS known as the best out, which will be put up and warranted.

A. B. Copper, Sheet-Iron and Tin-Ware manufactured as above, and by the best of workmen.

Orders gratefully received and promptly executed

CONSUMPTION CURED!

Buchan's Hungarian Balsam of Life.

THE GENUINE CAN BE HAD READY for Orders, at 80 St. ANTOINE Street, MONTREAL. Buchan's Hungarian Balsam of Life is a Positive and Infallible Remedy for Pectoral and Inflammatory Diseases, and is daily performing cures of the most astonishing character. Its ingredients, now known to the civilized world, are the result of many years of close study and experiment, and are the only Balsam ever discovered that will cure Consumption in its last stage. It is now in the hands of thousands of the Inhabitants of the United States, who can testify to its wonderful efficacy in curing the most distressing cases of Consumption, Coughs, Colds, Asthma, Bronchitis, Spitting of Blood, Pain in the Side, Back and Breast, Hoarseness, Croup, Whooping Cough, Influenza, and all Diseases of the Throat and Lungs, leading to Consumption. Its composition is entirely vegetable, containing no mineral or other deleterious substance, and may be taken by the most delicate female or infant with perfect safety. Its operation is mild, but certain, and it may be taken at all times, and under all circumstances, without the slightest inconvenience.

INCONTESTIBLE PROOFS

Of the efficacy of this Balsam in the worst forms of Consumption.

IMPORTANT MEDICAL TESTIMONY.

Dr. Buchan:—Dear Sir—I have used your Balsam in my practice, in a most perfect and admirable preparation for diseases of the Lungs. I have used it in my family, and in my professional practice for many years, and have never found any medicine to equal it in those cases, in cases of severe Pulmonary disease, and can conscientiously recommend it to all those who afflicted with those diseases. I have used it with the most perfect success, and have never been disappointed in its effects. Yours respectfully,

FREDERIC T. STORER, M. D.

Saco, Me., May 22, 1848.

Reliable Evidence of the efficacy of BUCHAN'S HUNGARIAN BALSAM.

(Copy for circulation Everywhere.)

While we publish the following, we do not expect to please all parties with all that is published, but we do expect to please a large majority with a portion of it. We have been requested to publish the following certificate from Norway, Me., from an interior village in comparatively little known, where we do not expect to receive any benefit from it, but we have a few words to say, from another point, and another to the house with him, having that he was afflicted with a bad cough and pain in the breast, and could not sleep nights, and was in a poor way. After three of our agents had been there, and could not obtain the order, he was induced to send for a bottle of Buchan's Balsam of Life, which he took according to directions, and in a few days he was able to attend to his business, and is now perfectly well. He is a resident of Norway, Me., and is well known to many of the good people of Bangor.

Bangor, Feb. 18, 1848.

Dr D. F. Bradlee—Sir—Having taken one bottle of your Balsam of Life, I am induced to say a few words to you in commendation of "Buchan's Hungarian Balsam of Life." Previous to taking it, I was afflicted with a severe cough, which had continued for a long time, and neither myself nor friends expected I could live. Some days I was confined to the house, and was attended by Dr. Murphy, of this City, who gave me up, saying that I could not live. Finally, I made use of your Balsam, and I am happy to say that I am restored to health, which I consider entirely owing to the use of your Balsam. I would recommend all persons afflicted with Consumption to make use of your Balsam, as I feel confident they will find relief. I have also used your Indian Vegetable Pills with the most beneficial results. I would recommend them to all persons afflicted with Liver Complaint, Dyspepsia, Sick Headache, &c. Yours, &c. ISAAC A. KNIGHT.

Sworn before me, this 19th day of June, 1847.

WM. V. BRADY, Mayor of the city of N. Y.

Notice.—Dr. Buchan's Hungarian Balsam of Life is now put up in square bottles, with an engraved wrapper, signed by Dr. Von Dersmith, M. D., and his name blown in the glass of the bottles.

For sale by B. W. LADD, Bangor.

EDWARD MASON, Portland.

WARRANTED

UNDER A PENALTY OF

ONE THOUSAND DOLLARS,

FREE FROM MERCURY AND ALL MINERAL SUBSTANCES.

The same yesterday, to-day and forever.

Certificate from Col Hale to prove the Columbia Democrat.

Office of the Columbia Democrat, Bloomsburg, Columbia Co. Pa. March 4 1848

Mr William Wright—Dear Sir—I am one of the many whose sufferings from dyspepsia has deprived them of the benefits resulting from the use of most medicines. As the use of medicines recommended to the public, I have been induced to use your Indian Vegetable Pills. I must confess that I had but little confidence in them, having hardly tried all their merits for any length of time, before I found a decided preference to every other pill purporting to be a remedy for dyspepsia, whether in the form of pills, or those of a syrup, and I am now using the fifth box of your Pills. I take from one to two pills each night, and have always been relieved to health, without loss of time and without the expense of a physician. Wright's Indian Vegetable Pills possess the discriminate effect of operating on the digestive organs, without producing the first of the system, without producing pain or uneasiness at the stomach

Respectfully your friend, &c.

LEVI L. TATE

From the Delaware Express, Delhi, N. Y.

WRIGHT'S INDIAN VEGETABLE PILLS.—As we would not purchase ourselves or recommend to our friends any medicine that we knew to be a quack nostrum, we have taken the trouble to ascertain the merits of the above pills, and we are pleased to find that they are not a quack nostrum, but a genuine medicine, composed entirely of vegetable matter, and one that will do what it is recommended to do. We would also caution the public against purchasing any of the imitations that are now in circulation, as they are worthless.

Look out for Counterfeits!

Some are in circulation, and we would caution the public against purchasing any of the imitations that are now in circulation, as they are worthless. Look out for Counterfeits!

Some are in circulation, and we would caution the public against purchasing any of the imitations that are now in circulation, as they are worthless.
